

## Tackling Food Poverty      Edible Churchyards Scheme

With half a million people in the UK dependent on food handouts, this year's Diocesan Lent Appeal has focused on spiritual and practical ways of tackling food poverty.

The Edible Churchyards Scheme encourages land around churches to be used for growing, with the produce being shared by the growers and the community.

***“At Messy Church we had soup and made it using produce from the garden”***

*St Paulinus, Ollerton*

### Applying for a grant

Parishes can apply for grants up to £250 from *Transforming Notts Together* who will be administering the scheme.

Name of Parish:

Key Contact person for project:

Their Contact details:

1. What does the Edible Churchyard Project aim to do?
2. What has the parish already done in relation to food poverty, community food initiatives?
3. Who in the wider community is the parish working with?
4. How will you make this happen and what is your timescale?
5. How much do you want to apply for and what will you spend it on?
6. How will you celebrate and share your story?

**Please send completed application to Edible Churchyards,
