
The Leadership Track

"We cannot predict
the future, but we
can create it."

Jim Collins

The Leadership Track is a space for 20s and 30s in leadership to be invested in and supported as they step into what God is calling them to, both in the church and wider world.

Through both retreats and midweek evenings, the Leadership Track offers teaching on the *spiritual life* of a leader, as well as *practical tools* for the journey.

Participants are a part of a *learning community* – a cohort that is able to encourage, sharpen and challenge one another, and share the joys and struggles of leadership together. This builds strong foundations and long-lasting connections for exceptional leadership.

The Leadership Track will cover 3 core themes;
self leadership,
leadership with others,
and leadership for others.

We believe Jesus is the best leader to have ever walked the earth. Taking him as our example, we'll discuss real life questions and challenges of how to lead today.

How do I lead with Jesus central to all I do?
How do I stay true to and lead from my authentic self?
How do I handle conflict and stress?
What does it look like to create a healthy and thriving culture?

Leadership and
learning are
indispensable to
each other.

John F. Kennedy
