2025 Diocesan Safeguarding Conference

Saturday 5th July 9am – 4pm at the Minster School, Southwell

Invites to be circulated to parishes in spring 2025

J9 Training

The training aims to ensure that learners are equipped to respond appropriately and effectively to domestic abuse disclosures and therefore enabling more individuals to safely access support.

Once delegates have attended a training session, they will be able to display the J9 logo sticker at their location, email signatures, website or social media channels. When the J9 logo is displayed it alerts the public that they can obtain information at this location which will help them to access a safe place where they can seek information and use of a telephone. Participants of the training will receive a domestic abuse information pack, which can be used to signpost the individual to specialist organisations offering additional support. The pack contains lots of information to support them in understanding their rights and accessing additional help and support.

This training is open to anybody in parish to attend, ideally somebody who is regularly in church who is likely to support victims and survivors in the setting, such as Parish Safeguarding Officers, DBS Recruiters, clergy, churchwardens, pastoral teams etc.
